

Identity Theft and Fraud Protection

In today’s digital world, protecting personal information is more important than ever. Metlife and Aura offer a comprehensive digital security plan that safeguards against financial and identity fraud.

Plan Features

- Includes comprehensive monitoring for credit, bank account(s), and dark web surveillance
- Receive identity theft alerts for suspicious activity related to a Social Security number, public records, and more
- Includes financial fraud protection like credit report monitoring, credit score tracking, and high-risk transaction alerts
- Coverage available for both individual and families, including up to 10 additional adult members and unlimited minors
- Offers privacy protection for unlimited devices that includes a password manager, VPN, antivirus protection, and safe web browsing
- Provides 24/7 access to U.S.-based customer care and white glove fraud resolution experts

Benefit	Coverages
Financial Fraud Protection	Monitors credit, bank, utility accounts, provides credit score simulations, and locks credit score.
Identity Theft Protection	Monitors the dark web, public records, and social media accounts, offering alerts for suspicious activities.
Device Protection	Protects devices with antivirus, VPN, and parental control features. Includes support for unlimited devices.
Family Protection	Add up to 10 adults and unlimited minors with comprehensive protection for identity and device security.

This benefits guide is intended to provide a brief description of benefits and subject to change. Please refer to the Summary of Benefits for each plan for a complete description of coverage and list of exclusions, limitations, terms and conditions.
